EXPERIENCE

January 2026 – June 2026

Virtual Assistant – Real Estate (NYC Luxury Client)

Composite Global Partners

- Provided administrative, operational, and marketing support for a luxury real estate client in a fast-paced remote environment.
- Prepared Comparative Market Analyses (CMAs) by researching comparable properties, historical sales, and market data.
- Researched property records, past transactions, and market information to support client presentations and decision-making.
- Designed and refined listing presentation materials through multiple iterations, improving layouts, typography, image quality (using AI-assisted enhancement), and visual consistency based on client feedback.
- Created branding assets, including logos and marketing materials, that contributed to a successful listing presentation.
- Listed and updated property information across platforms such as StreetEasy and internal real estate resources.
- Tracked and updated deal statuses, ensuring accurate records throughout the transaction process.
- Managed daily email updates and coordinated communication with the client.
- Organized and maintained Google Sheets databases for property, client, and transaction tracking.
- Prepared and completed real estate documents, including ERTs, commission invoices, and other transaction-related paperwork.
- Improved workflows by streamlining repetitive tasks, organizing information, and creating more efficient processes.
- Adapted to a wide range of responsibilities, providing reliable support across administrative, marketing, operations, and design tasks.

Technical Projects

AI Orchestration Framework (Ryos)

- Built a framework for more consistent AI responses across platforms.
- Tested and refined the system through real-world use and feedback from other users.

Ryos Relay

- Built a command-line tool that allows multiple AI models to exchange information and collaborate in a single workflow.
- Simplified communication between AI models to support more complex tasks.

Master Prompts & Prompt Engineering

- Wrote and refined reusable prompts for Claude, ChatGPT, Gemini, Grok, and Perplexity.
- Improved consistency and quality of AI responses across different tasks and workflows.

Websites & Media Design

- Built and maintained a personal/project website.
- Designed marketing materials and digital graphics using Canva.

ABOUT ME

I enjoy improving the way work gets done. Whether it's organizing information, simplifying a workflow, or finding opportunities to automate repetitive tasks, I like building practical solutions that save time and make day-to-day operations more efficient. I'm naturally curious, quick to learn new tools, and enjoy adapting to new challenges while delivering reliable support to clients and teams.
